

2023/24 Uniform Communication

We are writing to you today to share with you the uniform information for the 2023/24 school year and upcoming ordering information and deadlines.

Next year will be a transition year, as we move from the current uniform to the new uniform in September 2024. We understand this will be a “messy” period where some students are in the old uniform, or parts of the old uniform and parts of the new uniform, as the new pieces come out for sale or until the deadlines. As mentioned previously, if students have uniform items that fit and are in good condition they can continue to wear those for the 2023/24 school year.

Many of you have already ordered hoodies and outerwear and we are now excited to launch new PE/athletic uniforms to be available for this September! (See below for ordering information.)

The information below is provided to offer clarity for the uniform during this transition year and to ensure that students come to school each day in a proper uniform.

Please read the following information carefully and in its entirety:
